Dear Parents,

Spring Gathering with Academic Teams (新春報喜顯才華)

The various Academic Teams of Good Hope School have done a great job this year. Many of them have won and showed notable advancement in their performance. All in all they have won great honour for the School. More importantly, the active participation of student in different co-curricular activities forms an essential part of our school education and hence makes our school life more complete and meaningful.

In order to show our appreciation for the achievement and contributions made by all parties, include all concerned students, teacher moderators and parents; the PTA is joining hands with the School to organize a gathering to bring all of us together. This year is the first attempt. The event also provides all parties with an opportunity to share the joy and pain, ups and downs, and many other memorable moments which happened in the past few months.
